

## Project “I Ragazzi del 2006”

Created looking at the Olympic event of Turin 2006, **the project “I Ragazzi del 2006”**, realized and coordinated by the Province of Torino and the City of Torino, is addressed to young men and women that will be from 18 to 25 years old when the Games will start and that will have the wish of participate in the big event.

The project aims to favour the cultural and social enhancement of the value of the youngsters, through a **wide activity-training offer**, with the development of specific abilities regarding foreign languages, ICT, art, tourist promotion, interculture and communication, art and sport.

The occasions for the cultural widening and the initiatives linked to the project, aim to develop the practice of the **active citizenship**, creating the opportunity of participating to the organization of events and actions, to have experience of volunteering and reception. Developing identities and own territory membership permitted the enhancement of the value of organizational and planning skills of the youngsters.

### The training activities are traceable with:

- **3 AREAS OF SPECIALIZATION**
  - to experience Torino and Piedmont;
  - to practice and to promote sport;
  - Communicating and planning.
- **2 ABILITIES**
  - to experience information languages;
  - to learn the main European languages.
- **DIFFERENT VOLUNTEERING ACTIVITIES**  
Organization and assistance during events.

### The project “I Ragazzi del 2006”, since 1999, gathered 25.917 members.

The **22,6%** of the young people born in the Province of Torino from 1981 to 1988 adhered to the project.
